About your sentence

The Court has decided that you need support with the way you use alcohol and that you need help to deal with it. This leaflet tells you about the Alcohol Treatment Requirement that the Court has decided you must do as part of your sentence.

You will receive treatment depending on your own individual needs and this may last for up to three years if you are on a Community Order or, up to two years, if you are on a Suspended Sentence Order.

Your responsible officer will discuss the details of your Alcohol Treatment Requirement with you and will make arrangements for your treatment.

Please note that treatment under an Alcohol Treatment Requirement is an Order of the Court so it is important that you co-operate with it.

Your responsible officer will:

- explain your sentence to you;
- discuss the plan for your sentence;
- explain the kind of treatment you might receive;
- tell you where you need to be and what time you must be there;
- tell you what will happen if you avoid or stop going to your treatment;
- arrange for you to be taken back to Court if you do not co-operate or comply with your Order;
- review your progress with the treatment provider and yourself, and work with you to help you complete your sentence successfully; and
- treat you fairly.

It is important that you:

- listen carefully to what your responsible officer says and do what they ask you to do;
- turn up for appointments on time;
- stay out of trouble and make sure you turn up in a fit state to take part;
- show respect to probation staff and other people you meet during your sentence;
- tell your responsible officer if circumstances change for example if you move address, change phone number, are unable to keep your appointment or have any problems completing your sentence; and
- carry out any instructions you may be given when you attend your treatment.

It is very important that you attend your appointments and work hard to complete your sentence. If you think you are going to miss an appointment, please inform your responsible officer as soon as possible and tell them why.
